Hitwise Insight Reports

State of the Market

The State of the Market Insight provides online visibility of your company's industry or competitive set that you are looking to enter or compete within, helping to support with any strategic decisions.

Determine the most effective online channels that drive traffic to your chosen industry

Deliverables: 12 page report in PDF format. Annotated findings supported by Hitwise graphs and reports

Cost: £2,000

Audience Profile

The Audience Profile Insight compares the type of people who visit your site to a key competitor or industry. Using Socio-Demographic data and Experian's Mosaic or FSS, find out which people you are missing out on. Do your competitors attract a more desirable audience? Find out with this report

Deliverables: 12 page report in PDF format. Annotated findings supported by Hitwise graphs and reports

Cost: £2,000

Product Performance

Reporting on up to 2 of your key products. This insight would include analysis on the seasonality of searches for each product and downstream traffic analysis of each to inform positioning. It also identifies new threats and provides an analysis of your performance against key competitors over the past 6 to 12 months.

Deliverables:: 12 page report in PDF format. Annotated findings supported by Hitwise graphs and reports

Cost: £2,000

Campaign Analysis

Our Pre- and Post-campaign Insight will show you how to measure the effectiveness of a campaign and develop new KPIs that will qualify success. What impact did your campaign have in driving more visits? Did competitors see an uplift traffic? What impact did Social Media have? All answered with the campaign analysis.

Deliverables: 12 page report in PDF format. Annotated findings supported by Hitwise graphs and reports

Cost: £2,000
